ALWAYS EVOLVING

Being a leader in the industry means being open to change and a commitment to a growth mindset.

While all may have appeared to be quiet in the Rossetosphere, underneath the surface a real transformation has been taking place! In 2019 we moved into beautiful corporate offices in Chicago. Our staff loves their new modern home that includes a warehouse and a showroom! If you are in the area, please schedule some time to stop by!

We have started 2020 out with a real bang, launching the Ven Glass Collection. A line of handmade glass serving and display pieces crafted by renowned glass artist Danny Kalderon. This was matched by a new website and an additional line up of over 50 products.

The 2020 collection was developed with a focus on what was missing from our range of Hospitality products. We heard you! We are extremely excited to add a selection of modern heat lamps, coffee urns, and milk dispensers to our offerings. These additions allow you to complete your carving stations, and coffee and cereal displays without sacrificing the design-forward look that Rosseto is known for. We also added improved induction options for both the Natura™ and Multi-Chef™ Collections. Finish your presentation with Ven Glass serving pieces for a custom buffet display like no other in the industry!

Staying one step ahead of the trend is vital in our business. We hope you continue to view Rosseto as a trusted partner in creating the best experiences for your guests. We will continue working hard to bring you the most innovative, quality serving solutions for everything food and beverage. Here's to your success in 2020!

Cheers!

Complete your warming stations with new heat lamps, induction surfaces, and modern coffee urns.

OUR COMPANY

Rosseto has been helping industry leaders, both large and small, find solutions for their businesses.

It has always been our goal to provide products that are easy to assemble, easy to maintain, and provide modern design elements that will complement any environment or theme. Our dedication to quality and design has allowed us to become a trusted brand to some of the biggest names in food service. Our products have been used at major events like the 2016 Golden Globes and Super Bowl 50 and praised by entities like John Q. Hammons, Marriott, Walgreens, and Wolfgang Puck.

What can I say about Rosseto but "WOW!"

"We use the riser systems for our events and have seen a steady increase in sales & profits. Our operation will consider Rosseto first for any solution in our operations and we will recommend them to anyone who asks."

Aramark

A commitment to providing a complete solution has created very strict controls over our materials. Rosseto is one of the only manufacturers in the industry that continues to use US Steel in all of our products. Founder Gil Gold states:

> *"We have been asked to use cheaper material, but we refuse. When you see the difference in quality, you simply can't go in that direction. It's not worth it to us. I see competitors who have just entered the market who are using this type of material. You can crush their products with your hands. It gives me chills."*

Rosseto designs products with our customers in mind. From the time of purchase to maintenance and storage, we want to be with you every step of the way.

MATERIALS
MATTER

Quality is the primary goal in the construction of all Rosseto® products. To meet such high standards, only the best materials are used.

Rosseto's unique surfaces are available in glass, natural woods, and durable acrylic and are designed to match perfectly with Rosseto® product lines. For ideal bakery cases, riser systems, buffet warming and cooling stations, and beverage dispensers. Available in many desirable colors and high-end materials, these modular pieces enhance your guest experience while also making your buffet system more versatile and modular with each use.

Uncompromising
quality
in all chosen
materials.
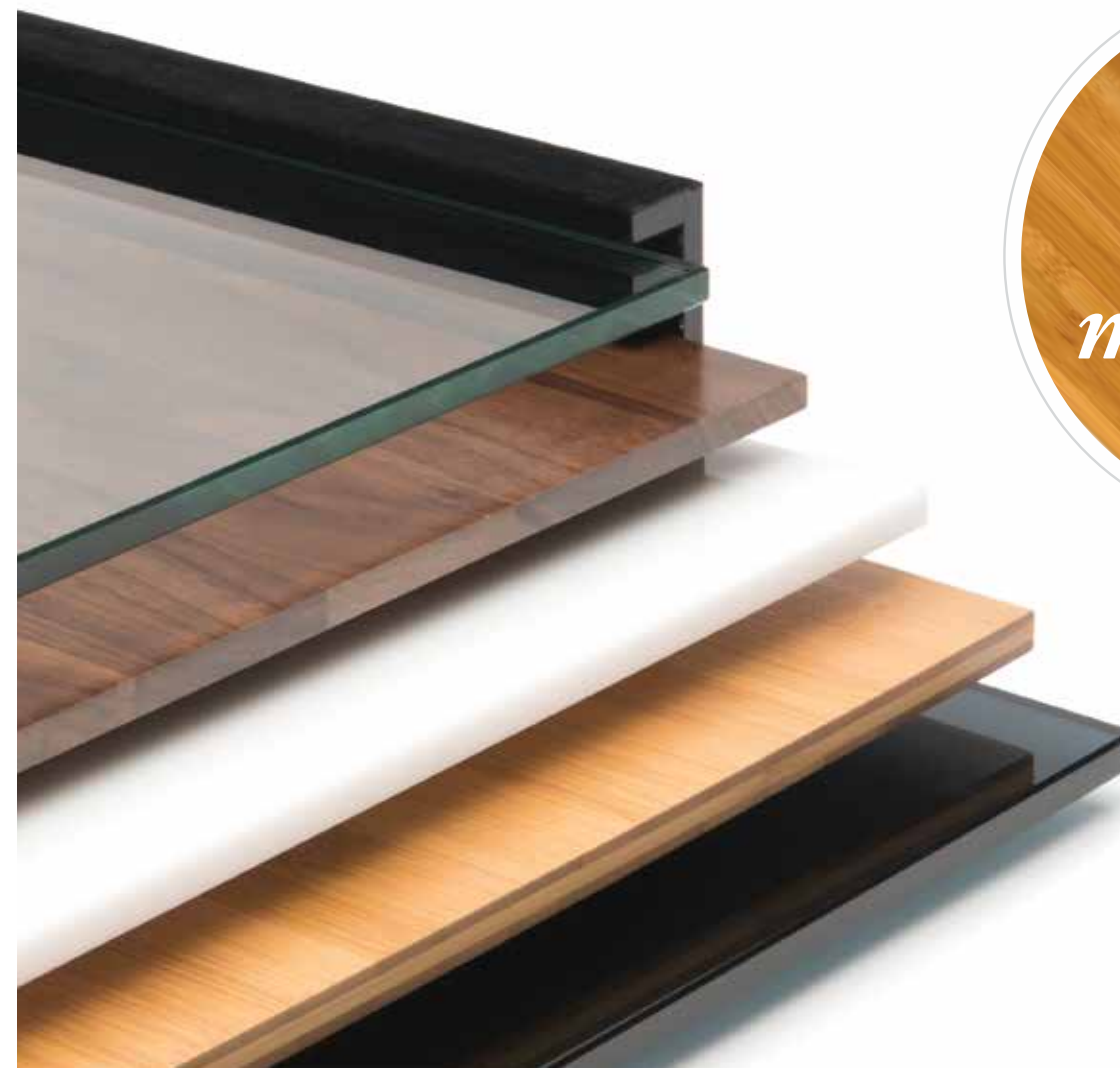

SURFACES

Bamboo
Not all bamboo is created equal. We use the highest quality bamboo available. We designed a custom three layer system that prevents warping and damage. Keep in mind that bamboo is a natural, live material and reacts to changes in temperature and humidity.

Natural Walnut
Luxurious deep brown hues makes walnut the perfect finish for any high end buffet or food display. Relatively heavy, hard and resilient, it can stand up to your toughest guests and is naturally resistant to warping.

Acrylic
Durable and easy to maintain, this material is perfect for high traffic use or in places where glass would be a safety concern (like poolside or lobbies). Choose from clear, black or white.

Tempered Glass
All of our glass is toughened or tempered. This means that it is processed by controlled thermal treatments to increase strength and safety. Choose from both clear and black finishes.

Clear Acrylic
Our top grade acrylic is crystal clear and is as close to glass as you can get, without being glass.

SURFACES AVAILABLE IN A WIDE VARIETY OF SHAPES AND SIZES.

Fortune favors the bold. Create a dramatic display that will capture the attention of your guests with the Ven Collection of surfaces.

SURFACES

All surfaces are available in narrow for smaller displays and wide for when a larger serving area is needed. Mix and match colors and themes and add Ven bowls and platters for a custom look.

Glass Collection

rosseto® × Kalderon

ROSSETO × KALDERON

THE STORY

Rosseto is collaborating with renowned glass artist Danny Kalderon to bring a collection of stunning handmade glass serving pieces to the high-end hospitality market. Each piece has been individually crafted by Kalderon using the signature techniques and processes that have made him one of the most sought after glass artists in the world. Intricate enough to be called art, yet strong enough to be used in commercial settings, these pieces are perfect for hospitality brands looking to add a personalized, boutique look to their buffet and event service. The collection includes serving bowls, platters, and plates in a range of designs, colors, and sizes as well as surfaces that work with all Rosseto display systems.

> By fusing art and original design, we create a unique, unforgettable experience in which harmony and beauty abound

ABOUT KALDERON

Danny Kalderon has been working with the glass medium for over 25 years. His dedication to his craft and quality has earned him tremendous respect in both art and hospitality. His pieces have been canvases for culinary masters such as Grant Achatz of Alinea and Dominique Crenn of Atelier Crenn. Michelin star establishments and global hotel brands alike have trusted him for custom projects for decades. It is his unique blend of art and function that has made this the perfect partnership with Rosseto.

In a world in which handmade crafts barely exist, we create handmade products that integrate a personal touch into our advanced work methods.

RETAIL MERCHANDISING

YOUR IDEA. YOUR CHOICE. YOUR WAY.
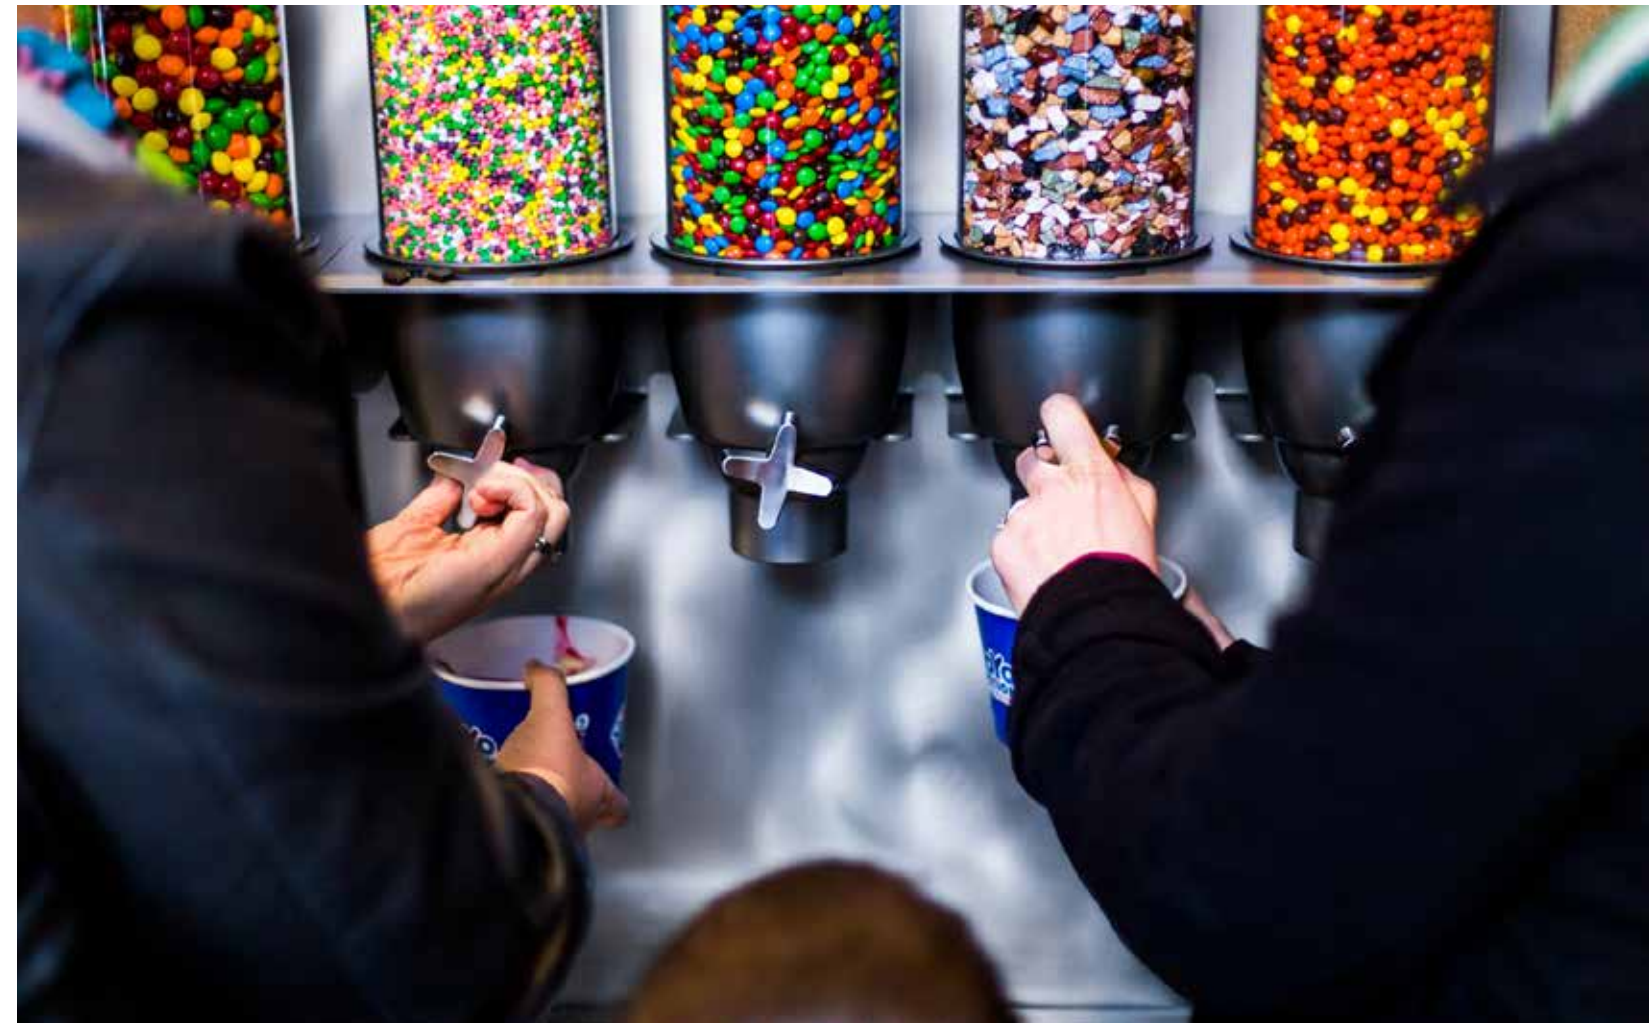

PATENTED PORTION CONTROL TECHNOLOGY

Precision
Our patented 6 Wing Silicon Wheel delivers exact portions every time, without crushing your product.

Cost-Effective
Save money by reducing waste.

Food Safe
Silicone is also an approved FDA material, versus plastic, which is not.

Efficient
Serve more people, faster.

A Cleaner Option
Works with an attached funnel that dispenses cereal straight into the bowl, instead of on the counter or onto the floor.

We use the highest quality materials available to craft products that are built to last. All of our products are designed for high traffic use.

EXACT PORTIONS SAVE MONEY!

Precise portioning dispenses efficiently, while smart design makes cleaning quick & easy. The SCOOP-IT and EZ-SERV® patented soft silicone paddle wheel reduces food damage while a sizable catch tray keeps the dispensing area clean.

Our portion control wheels gently dispense dry food using soft flexible wings that minimize food damage and serve exact portions.

Just a few examples of the kinds of toppings for yogurt and ice cream shops, coffee shops, tea shops, and spice shops:

Chocolate Chips	Chili Pepper	Dry Fruit	Coffee	Mixed Seasoning	Tea
Oregano	Chocolate Cereal	Nuts	Colorful Candies	Sprinkles	Corn Flakes

SCOOP-IT

technology dispenses exact portions from 1 tsp. to 4.5 tsp. in one turn.

THE SCOOP-IT

dispenser ball nests inside of a silicone funnel with two grooves on opposite side producing exact measured scoops of food each turn.

OUR PATENTED PORTION WHEEL

design gently dispenses dry food using soft, flexible wings that minimize food damage and serve exact portions from 1 tbsp. to 1.5 oz.

THE SYSTEM

is designed to keep food fresh and is easy to clean.

GET TO KNOW YOUR DISPENSER

Changing your portion wheel is an easy 3-step process. Test each wheel with your dry foods to determine which works best for you!

ENVIRONMENTALLY RESPONSIBLE DESIGN

We make it easy to be green! Our modular design and portion control technology reduces waste and provides the simplest way to add a bulk foods section to your business.

ROSSETO IS ECO FRIENDLY

All of our containers and dispenser wheels are BPA Free.

BPA Free
BPA Free products are made with plastics that contain no Bisphenol A, which may be harmful.

Our Patented Silicon wheel allows you to get precise portions every time, without crushing your product. It is also food safe and easy to clean.

THE BEST BULK RETAIL SOLUTION AVAILABLE

BENEFITS

☑ Most value for your money (big footprint with a small investment)

☑ Free ingredient label templates

☑ No labor or installation costs

☑ 4 Easy Cleaning Steps

☑ BPA Free

MODULAR, VERSATILE DESIGN

☑ Competitors require a design team to come and measure, then they build a huge custom wooden shelving system you can't move or change.

☑ Bulkshop Gondola is modular and easy to assemble by 2 people, no design team required. Then if you want to move it or change from candy to natural foods- no problem.

☑ Bulkshop Gondola stands alone and does not need to be bolted to the floor.

PORTION CONTROL TECHNOLOGY

☑ Competitors use levers you have to pull down to release product which makes a mess and doesn't control portions.

☑ Bulkshop dispensers allow you to "dial in" exact portions, letting you control food cost, reduce waste and SAVE money.

Our portion control technology removes product waste associated with pull levers. Simply turn the dial to get the exact portion you need every time.
