

## SETTING UP YOUR PRODUCT

\* One flathead screwdriver and wrench required for assembly.

- Carefully remove all parts from packaging.
- Make sure you have all parts listed:  
AG200, AG201, AG202, AG203, AG204, AG206:  
1 acrylic shield, 2 stainless steel supports with magnets assembled, screws and cap nuts\*  
\*(AG200/202 - 8 ea., AG201/203-6 ea., AG204/206-4 ea.)  
AG205:  
1 acrylic side panel, 1 metal bracket with north pole magnets assembled, and 1 pack of south pole magnets for use as a right support panel.
- On acrylic panel (a), peel the protective film away from the edges with the holes. Place panel on clean table surface, logo facing down.
- Line the stainless steel supports (b) up with the holes on the clear panel. Be careful not to scratch the acrylic. The south pole magnets should be facing the outside. See Figure 1.
- Attach the metal supports to the acrylic panel by placing screw (d) in hole and securing with a cap nut (e). Repeat for the other support. See Figure 1.
- Carefully stand item upright. The right support will come assembled with north pole magnets and the left support with south pole magnets so multiple shields can be linked together. See above image.
- The side panel (AG205) will come assembled with north pole magnets that can connect to the left support. If the side panel is to be placed on the right support, simply remove , cap nuts (e), the screws (f), and north pole magnets (g). Switch the metal bracket (h) to the opposite side of the acrylic side panel and reassemble with the south pole magnets (c) that are attached to these instructions. See Figure 2.
- Remove any remaining plastic film.

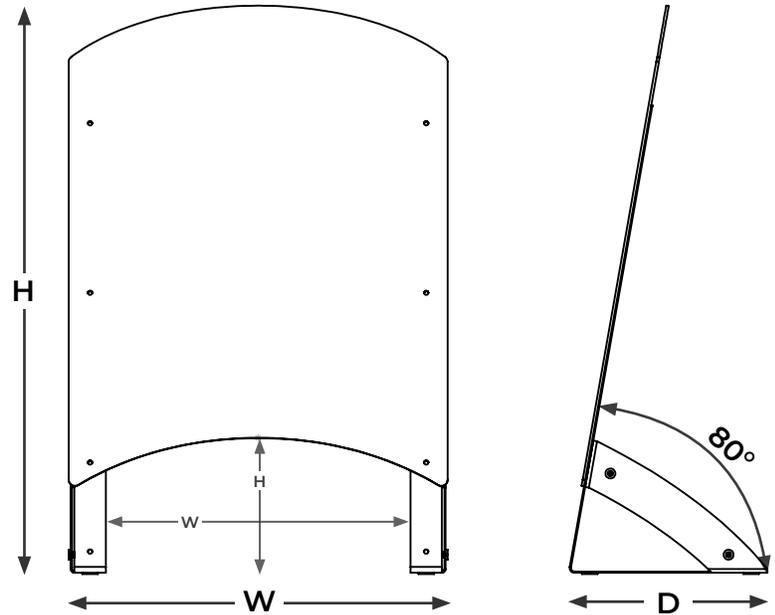

Switch metal  
bracket to  
opposite  
side and  
reassemble  
with opposite  
magnets.

## SPECIFICATIONS

Material: 0.16 IN Clear Acrylic & Stainless Steel		
Item Number	Dimension W x D x H (IN)	Window Dimension W x H (IN)
AG200	24 x 12.5 x 35.7	n/a
AG201	24 x 12.5 x 35.7	19 x 8.5
AG202	48 x 12.5 x 35.7	n/a
AG203	48 x 12.5 x 35.7	43 x 8.5
AG204	48 x 12.5 x 35.7	43 x 15
AG205	12.7 x 0.5 x 32.5	n/a
AG206	24 x 12.5 x 35.7	19 x 15

Slope of shield: 80°

## CLEANING & CARE INSTRUCTIONS

- DO NOT use any abrasive materials such as scrapers or metal-based brushes.
- DO NOT use harsh chemicals or abrasive cleaners.

### Acrylic Care:

To maintain the quality of your acrylic, wipe down with a warm damp cloth and mild soap. Use a clean, damp cloth to rinse off soap. Dry with a soft sponge or cloth to prevent water spots. Do not point or place heat source directly on material.

### Stainless Steel Care:

Metal Care: Wipe down with damp microfiber cloth and always wipe dry with a microfiber cloth. Store in a dry and well-ventilated place.
