BEFORE YOU BEGIN

Be sure to read all the instructions before attempting to use the Buffet Server. Proper care and maintenance will extend the life of the Buffet Server. **Save these instructions for future reference.**

- Carefully unpack and inspect all parts. If a part appears to be damaged or missing, please contact Rosseto Customer Service.
- Handle all parts carefully when moving, storing or cleaning to avoid damage. Be sure to follow the Care and Cleaning instructions.

IMPORTANT NOTE: Black-finished buffet servers can be easily damaged if not handled carefully. The black painted surfaces are prone to chipping, flaking, or peeling under certain conditions, and when used in high-traffic areas due to impact and handling.

GENERAL INSTRUCTIONS

1. Always use the Buffet Server on a flat, stable surface.
2. Add 3/4" – 1-1/2" of hot water to the Buffet Server.
3. Check the water level by lowering the empty Food Pan until it touches the bottom of the Buffet Server. Adjust the water level as needed. **Do not use the Buffet Server without water.**
4. Use disposable gloves while handling the Buffet Server and Food Pan to avoid leaving fingerprints.

RECOMMENDED HEAT SOURCES

Buffet Servers can be used with induction, electric, ceramic or gas/sterno.

NEVER use the stainless steel food pans directly with gas/sterno (direct flame).

CARE AND CLEANING

- DO NOT put the Buffet Server through dishwasher or dryer machine. ALWAYS use a soft cloth on the Buffet Server to avoid scratching the surface.
- DO NOT use any abrasive materials such as scrapers or metal-based brushes. Non-metal scouring pads can be used for cleaning the Stainless Steel Food Pan.
- DO NOT use harsh chemicals or abrasive cleaners.

Buffet Server

1. Start cleaning using lukewarm water and a soft cloth. If you cannot remove stubborn food stains with water alone, use dish soap or mild detergent along with the water.
2. Finish by wiping with a dry microfiber cloth. Store in a dry and well-ventilated location.

Stainless Steel Food Pans

Follow same steps as with the Buffet Servers. Stainless steel food pans can also be placed in the dishwasher.

Chafer Lid

The Buffet Server lid can be placed in open position by inserting the end of the lid handle into one of the holes in the Buffet Server handles.
