

SD114 - Bulkshop Shelf System

SETTING UP YOUR PRODUCT

1. Carefully remove all parts from packaging and poly bags.
2. Make sure you have all parts listed before discarding packaging.
 - a. One Metal EZ-SERV® Bracket
 - Eight EZC012 EZ-SERV® containers each with:
 - b. Grey Lid
 - c. PRO-6W Silicon Portion Wheel (1 oz.)
 - d. 1, 2, 3 & 4 tsp. Portioned Scoops and Funnel
 - e. PRO-6SM Portion Wheel (1 tbsp.)
 - f. Container
 - g. Label Holder
 - h. Handle
3. Place the metal bracket on the lozier system by angling the bracket up, sliding the notches in the lozier slots, then lowering the bracket until secure. See Figure 1.
4. Fill an EZ-SERV® container with desired product and seal with the lid.
5. Hold container above the stand with the handle facing you. Carefully lower the container down to the metal opening, tilted at an angle that allows the handle to clear through first.
6. Once the handle is cleared through the metal opening, tilt the container carefully back to a full upright position. Then, gently set the container down directly on the stand. Note: The back of the container has a small notch that aligns with a cutout on the bracket.
7. Repeat steps 4 through 6 for the remaining containers.
8. Attach the label holders to the front of the metal bracket as shown in Figure 2.

b. ITEM #: EZL015

f. ITEM #: EZC015

g. ITEM #: EZM036

h. ITEM #: EZH010

CARING FOR YOUR CONTAINER

CLEANING INSTRUCTIONS:

1. To maintain the quality of your EZ-PRO™ container, wash all parts in warm, soapy water. Use a non-abrasive sponge.
2. DO NOT put any part of the unit through any dishwasher, dryer machine, or submerge in water.
3. When disassembling the container, handle all parts gently. Please refrain from using too much force.
4. Reassemble the unit only after all parts are completely dry.

HOW TO DISASSEMBLE:

1. Remove the container from the bracket by holding it securely and lifting directly upward, clearing the handle from the notches on the stand.
2. Remove lid from top of container. Make sure there is no remaining product inside that can spill over.
3. Gently pull the handle from the front of the container. Set aside.
4. Reach into container and remove portion wheel by gently pulling upwards.

HOW TO ASSEMBLE:

1. Place portion wheel into container.
2. Adjust the portion wheel inside the container, so that its holes align with the container's holes (both front and back).
3. Then insert the handle through the front by aligning the half-moon shaft with the paddle.
4. Fill container with desired dry product and place lid securely on the container.

Need more portion wheels? We have 5 options for you to choose from!

- EZP022- 1 tablespoon
- EZP023- 2 teaspoons
- EZP024- 4 teaspoons
- EZP026- 1 teaspoon
- EZP027- 3 teaspoons

The Rosseto interchangeable portion wheels deliver just the right amount of product every time. Test each wheel with your dry foods to determine which works best for you!
